INFORMATION DISCLOSURE STATEMENT

As a means of complying with the duty of disclosure set forth in 37 CFR § 1.56 and in keeping with the guidelines of 37 CFR § 1.98, Applicants hereby submit information thought to be relevant to the examination of the above-identified application. Also submitted herewith is a completed form PTO-1449.

This information came to light during the examination of a counterpart application in the European Patent Office in a document dated December 4, 2002.

This information is being submitted within three months from when it first came to light.

International Patent Application No. 95 19028 (Falcone) apparently relates to a portable information display device having a plurality of operating modes and a corresponding plurality of menu items. The subject invention also teaches methods for using the said device in order to adjust the sequence of menu items on an electronic device, such as a portable paging receiver, to correspond to the way the user uses the electronic device. This arrangement would allow one user to set an operating mode different from the operating mode set by a subsequent or prior user.

No fee is deemed necessary in connection with the filing of this Information Disclosure Statement. However, if a fee is required for this submission, the Commissioner is authorized to charge the requisite fee to our Deposit Account No. 03-3125.

Respectfully submitted,  
COOPER & DUNHAM LLP
